About the Authors	xxiii
Introduction: Why Struggle? Why Now?	1
Chapter 1. ACTION 1: VALUE PRODUCTIVE STRUGGLE	8
Why Struggle Matters	10
Math Is More Than the Pursuit of Answers	12
Math Isn't a Procedure	12
Math Is About Equity, Access, and Opportunity	15
Productive Struggle Is Essential for Living and Learning	16
What Productive Struggle Is and Isn't	16
What Struggle Looks Like	17
When Schools Value Struggle	19
Teacher Behaviors for Productive Struggle	20
Student Behaviors for Productive Struggle	21
Educating Families	22
Productive Struggle Look-Fors	22
Whole School Agreement About Productive Struggle	24
Struggle and a Growth Mindset	25
Moving From Unproductive to Productive Beliefs About Struggle	26
Key Takeaways About Action 1: Value Productive Struggle	28
Chapter 2. ACTION 2: FOSTER AN IDENTITY FOR PRODUCTIVE STRUGGLE	29
What Is a Math Identity?	31
Your Mathematical Identity and Its Effects on Instructional Choices	32
Thinking About Your Experiences as a Math Student	35
Knowing Your Students' Mathematical Identities	36
Activities for Uncovering Students' Mathematical Identities	37
Student Identity Activity 1: My Math Autobiography	38
Student Identity Activity 2: My Math Timeline	40
Student Identity Activity 3: Journal Prompts	40
Student Identity Activity 4: Math Beliefs Inventory	41
Student Identity Activity 5: Math Role Models and Their Stories— Who Are Mathematicians?	42
Student Identity Activity 6: Bumper Stickers	44

Chapter icons: Chapter 1: shutterstock/topform; Chapter 2: iStock.com/Paket

Student Identity Activity 7: My Math Superpower	45
Student Identity Activity 8: Struggle Emojis	46
Key Takeaways About Action 2: Foster Identity for Productive Struggle	47

Chapter 3. **ACTION 3: BUILD COMMUNITY FOR PRODUCTIVE STRUGGLE** **48**

Building Classroom Community for Productive Struggle	50
Addressing Challenges to Creating Community	51
Establishing Norms for a Productive Community	52
Maintaining Community Throughout the Year	55
Activities for Building and Maintaining a Productive Math Community	56
Community Activity 1: Math Pledge	57
Community Activity 2: Group Behaviors Comic Strip	59
Community Activity 3: Good Groups vs. Bad Groups	60
Community Activity 4: The Number Quilt	60
Community Activity 5: A Picture Is Worth 1,000 Numbers	62
Community Activity 6: Name and Number Tents	64
Community Activity 7: Dimensions of Me (or Many Faces)	65
Activities to Promote a Community Understanding of Productive Struggle	66
Community of Struggle Activity 1: The Picture of Struggle	67
Community of Struggle Activity 2: A Time I Struggled—The Ski Jump	70
Community of Struggle Activity 3: Create a Class Definition of Struggle	71
Key Takeaways About Action 3: Build Community for Productive Struggle	72

Chapter 4. **ACTION 4: PLAN FOR A LESSON WITH PRODUCTIVE STRUGGLE** **73**

Planning for Struggle	75
Establish the Mathematics Goal	78
Select Tasks That Create the Right Amount of Struggle	78
Selecting High-Quality Tasks for Rigor	81
Tasks for Conceptual Understanding	83
Tasks for Procedural Fluency	83
Tasks for Application	84
Modify Tasks to Provoke Productive Struggle	85
Modification Strategy 1: Ask Students to Create Multiple Representations (Create)	86

Chapter icons: Chapter 3: shutterstock/Ksuxa-muxa; Chapter 4: iStock.com/elapela

Modification Strategy 2: Ask Students to Create or Connect Different Representations (Connect)	88
Modification Strategy 3: Ask Students “Does This Always Work?” (Generalize)	91
Modification Strategy 4: Ask Students the Reverse (Reverse the Problem)	92
Modification Strategy 5: Ask Students to Agree or Disagree (Justify)	93
Modification Strategy 6: Ask Students Open Questions (Open it)	94
Modification Strategy 7: Ask Students to Compare and Contrast (Similarities and Differences)	96
Modification Strategy 8: Ask Students to Find and Use a Pattern (Find a Pattern)	97
Modification Strategy 9: Ask Students to Put Their Understanding in Writing (Write About It)	98
Modification Strategy 10: Ask a Different Question (Change the Focus)	99
Modification Strategy 11: Ask Before They Are Taught (Change the Sequence)	99
Doing the Task and Anticipating	100
Anticipate Representations	102
Anticipate Language and Terms	102
Anticipate Misconceptions and Flawed Strategies	102
Planning Response and Reaction	103
Instructional Models, Routines, and Other Considerations When	
Planning for Struggle	104
Direct Instruction	104
Gradual Release of Responsibility	105
Other Instructional Choices	106
Key Takeaways About Action 4: Plan for Productive Struggle	109
Chapter 5. ACTION 5: SUPPORT THE PRODUCTIVE STRUGGLE DURING THE LESSON	111
Classifying Various Types of Struggle	114
Responding to Different Kinds of Struggle	115
The Problem With Rescuing Student Answers	116
Struggle Moves That Rescue Thinking	118
Struggle Move 1: Prepping the Task	119
Struggle Move 2: Catch and Release	121
Struggle Move 3: Referrals	123
Struggle Move 4: Metacognitive Questions	133
Struggle Move 5: Remove the Numbers	135
Tips for Navigating Struggle	137
Teacher Tip 1: Don’t Restate More Than They Say (Revoicing)	137

Chapter icon: iStock.com/tom-iurchenko

Teacher Tip 2: Honoring Mistakes	139
Teacher Tip 3: Consider When to Help and When to Hold Back	140
Teacher Tip 4: Be Mindful of Mnemonics and Other “Aids” or “Tricks” to Support Struggle	142
Teacher Tip 5: Keep It From Boiling Over	142
Teacher Tip 6: Be Aware of Early Finishers	143
Teacher Tip 7: Adjust the Time	144
Teacher Tip 8: Focus on a Strategy	144
Teacher Tip 9: Celebrate It	145
Teacher Tip 10: Leverage Accountability and Participation	145
Key Takeaways About Action 5: Support Productive Struggle	146

Chapter 6. **ACTION 6: REFLECT ON PRODUCTIVE STRUGGLE** 147

Integrating Reflection on Struggle Into Lesson Closure	149
Student Activities for Reflection on Struggle	150
Independent Writing and Drawing	151
Student Activity 1: Journaling	151
Student Activity 2: Struggle Doodle	153
Student Activity 3: Who I Learned From	153
Collaborative Reflections	
Student Activity 4: The Picture of Struggle	154
Student Activity 5: One Word	156
Student Activity 6: Find Someone	158
Evaluative Reflection Activities	159
Student Activity 7: Got It, Tried It	159
Student Activity 8: Too Easy, Too Hard, Just Right—The Goldilocks Reflection	162
Student Activity 9: Today I . . . , Tomorrow I Will . . .	164
Teacher Reflection on Productive Struggle	166
Teacher Option 1: In-the-Moment Notes	166
Teacher Option 2: Journaling	167
Teacher Option 3: When Students Reflect, You Reflect	167
Teacher Option 4: Team Reflections or Professional Learning Cadres	167
Reflection Leads to Celebration	168
Celebration Approach 1: Notice It and Reward It With Struggle Bucks and Shout-Outs	169
Celebration Approach 2: Reward It Beyond Math Class With Brag Tags	171
Celebration Approach 3: Reward When Students Take Advantage of Tools	171
One Caveat About Celebration	172
Key Takeaways About Action 6: Reflect on Productive Struggle	172
